

**Key Stage 4 and 5 Destination Data**

Our pupils in Key Stage 4 have generally remained in education with us although a very small number choose to move onto college, please see figures below.

Years 12 and 13 - most of our pupils in Year 12 remain here at White Spire to complete their qualifications. Throughout this period, they continue to receive careers education and advice. Most of our Year 13s choose to leave, to attend local colleges, pursuing their interests or talents. Those that remain in Year 14 follow a supported work placement in the local community before leaving to alternative provisions.

	Number of Year 11s with us in the Summer term			Number of Year 13s with us in the Summer term			Number of Year 14s with us in the Summer term
