

SAFEGUARDING CHILDREN

Safeguarding and promoting the welfare of children is **everyone's** responsibility.

Safeguarding is protecting children from maltreatment; whether that is within or outside the home, including online preventing the impairment of health or development; promoting the upbringing of children with their family, whenever possible and where this is in the best interests of the children. It is taking action to enable all children to have the best outcomes.

If you have any concerns regarding a pupil or staff member, can you please report to, however trivial.
